Bargaining Report – August 4, 2015

The Bargaining committee continues to review information provided by the company. We are formulating extensive information requests to cost out company proposals and cut through evasive answers. Off table discussions continue and we intend to meet with the company tomorrow.

The Officers and Executive Board continue to perform all regular duties we have for the daily operation of the Union. We remind members to continue to do a quality, Union job every day. Informational pickets continue every day. We have received pictures from various locations. Great Job! We are reaching out to retirees to participate in activities and are receiving a terrific response. This is a fight for all of us. We all have something on the line here. Get up and participate!

Stay in contact with your stewards and Chief Stewards, the information line 609-448-0827, go to the app store for our app, the IBEW Local 827 Facebook page, and the Local's website www.ibew827.com. As information becomes available we will update all forms of communication.

Get involved, stay informed, and attend your general membership meetings.

Your Bargaining Committee reminds you....... Work Safe-Be Strong- Stay United
