

Bargaining Report ☐September 16, 2015

The Bargaining Committee met off table with the company to discuss Call Sharing. Off table discussions will resume tomorrow. We are coordinating efforts with our Union counterparts in NY/NE. Call Sharing affects the entire North East and it is important to care for all concerns. The Unions impressed upon the company that these are our customers. We can't agree to have our customers passed onto contractors who see them as just another call. We are the face of Verizon, we take pride in our work and appreciate our customers.

Our Actives and Retirees are continuing to do daily pickets. If there is a work location near you, please come out before the shift to help out with informational pickets. Thank you for all your hard work and dedication. If you aren't participating, please come out and help. We are one day stronger than we have to be.

Your Bargaining Committee reminds you...Work Safe-Be Strong- Stay United
